ABOUT THE COURSE

This is a hands-on course designed to introduce and instruct students in the forensic application of Ultra-Violet & Infrared Photography. This class features the Fuji XT1IR digital camera. The camera & required accessories are provided for use in the class. The program utilizes extensive practical exercises with the camera to build a student skill set in photographing latent fingerprints, gunshot residue, bloodstains, bodily fluids, forged documents, bruises & bite mark evidence.

PREREQUIRES: THIS IS NOT A BASIC PHOTOGRAPHY CLASS. The student must have completed a basic digital photography class & understand the operation of a digital camera in manual and priority mode.

ABOUT THE INSTRUCTORS

Chief Nick Webb retired in 2010 with 20+ years of service in municipal law enforcement. He holds an Associates of Science degree and is a graduate of the FBI National Academy. After retirement, he served as a criminal investigator at the Henderson County (Texas) Sheriff's Office (2010-2015) and as Chief Deputy of the Anderson County Sheriff's Office from (2021-2024).

Sergeant Jeff Rackliff began his career at the Tyler (Texas) Police Department in 1991. He has been assigned as a Field Training Officer, Firearms/Rifle Instructor, Patrol Supervisor, and Crime Scene Investigator, and CSI Unit Supervisor. He holds Master Peace Officer and Police Instructor certifications from the Texas Commission on Law Enforcement. His specialties include; Crime Scene Management, Fingerprint/Palm Print Identification, Police Photography & Blood Stain Pattern Analysis.
